ABOUT ME

Skilled Frontend & WordPress Developer with a strong background in building responsive, user-friendly websites and modern web interfaces. Proficient in HTML5, CSS3, JavaScript, bootstrap, tailwind css, sass, react, wordpress and frontend best practices, with hands-on experience in WordPress development and customization. Focused on creating clean UI, smooth interactions, and performance optimized websites that enhance user experience and support SEO goals. Committed to writing maintainable code and following industry best practices in web design, security, and scalability to deliver reliable, longterm solutions

WORK EXPERIENCE

Frontend & WordPress Intern | Intelgency IT Solutions

Islamabad (Oct–Dec 2025)

Developed and maintained WordPress websites with customized themes, focusing on responsive frontend UI and seamless user experience.

Implemented and optimized HTML, CSS, and JavaScript to ensure cross-browser and cross-device compatibility.

Resolved frontend issues, updated website content, and supported essential WordPress functionality, performance, and basic SEO tasks.

Assisted in creating interactive features and enhancements, improving engagement and usability across multiple websites

Collaborated with internal teams to maintain website standards, improve functionality, and deliver projects on time
